WHAT IS VLUV?

VLUV is an ergonomic, stylish seating element and balance ball. It's an eye-catching item of designer furniture that keeps you sitting in a comfortable upright position – and you can also use it for gymnastics.

And it's even fun to just play with!

WHAT ARE THE KEY FEATURES?

fixFORM: The fabric cover limits the expansion of the inner ball and in return reinforces the seating feeling. The seating position is more upright.

gripME: An integrated handle on the upper half of the ball makes transportation with one hand easy.

unROLL: A design-patented piping ring at the bottom prevents the ball from rolling away too easily.

WHAT IS VLUV VEEL MADE OF?

We use the latest generation of coated micro fiber polyester fabric that looks and feels like vintage leather. It is breathable and is soft to the touch. The surface is rugged and scratch-resistant.

The inner ball is made of burst-resistant and phthalates-free PVC.

The zippers we use are YKK quality products.

WHICH VLUV SUITS ME?

VLUV 65:
ø 60–65cm (23.6–25.6in) = 155–175cm (5'1"–5'9") body height

VLUV 75:
ø 70–75cm (27.5–29.5in) = 175–195cm (5'9"–6'5") body height

We recommend to use the VLUV 65 for sitting on a standard height work desk (ca. 68–72cm / 26.7–28.3in).

SPECIFICATION

Coated micro fiber polyester fabric

Thickness ca. 690g/sqm

Rubbing fastness over 30.000 (Martindale)

Includes phtalates-free, burst resistant inner PVC ball

Comfy handle for easy transport

Design patented bottom ring prevents rolling away

2 sizes: 60-65cm (23.6-25.6in) and 70-75cm (27.5-29.5in)

VLUV 65 = 155cm (5'1")-175cm (5'9") body height

VLUV 75 = 175cm (5'9")-195cm (6'5") body height

YKK heavy-duty zipper

Rugged and scratch-resistant

Maximum load capacity: 150kg (265lb)

Total weight: ca. 2,3kg

VLUV[®]
